Derrick, Katrina asked when the final report would be to me (I told her the end of December)...

Can you make sure the report addresses (even mildly) the following items to help her on her future work...

1. [Timeframe to complete](#)
2. [Transportation/disposal costs](#)
3. [Oversight costs – equipment needed and persons in field \(both contractors\)](#)
4. [Area excavated and total cubic yards. You mention 1300 tons is the mass, but I am interested in volume.](#)
5. [Average depth](#)
6. [Landfill used – also can you send me the offsite rule review](#)
7. [Backfill location and cost](#)

The oversight costs I can provide her from START and ERRS monthly reports...

With Regards, Steve

Steve/Derrick, the trailer has been the best. It really supported the HQ team superbly. The field teams will be completing work this week.

Thank you again for allowing us the use.

Katrina,
I am double checking with our warehouse manager. How long do you anticipate needing to use it?

Steve, I have left a couple of messages, but maybe email will be quicker.

The trailer is still at the Wilcox Site. Is it possible for us to have access and use the trailer while we are doing the RI work? If so, then where might I pick up the keys?

thanks
